Camp Tricks:

The Almighty **Snow Brush**:

Brush feet, pack, and friend off prior to entry.

Take brush to bathroom for a seat sweeping.

Don't forget to prewarm seat with pants on.

Men concentrate yellow snow in one spot outside yurt.

Gear Drying Tips:

Hang skins on perimeter cable.

Go high to ring bolt for dry clothes using broom handle.

Wedge boot-liners into upper rafters towards ring.

Boot-Shells go upside down under cot.

Bathroom:

Use ski pole as occupied sign.

TP and handgel are found out there in Tupperware box.

TP only in cat-hole, no garbage.

Don't forget to close lids and cover with tarp when finished.

Woodstove:

Half a stick of fire starter.

Use that bramble next to split wood pile to start.

Crack stove door quarter-inch to draw better

Start twiggy, then small kindling, finally split wood. Patience

Split logs to size of forearm. No yule logs.

FEED IT, DON'T BANK IT.

Gather kindling and bramble for morning relighting before bed.

Lantern:

CAREFUL lighting.

Turn off lantern when not inside.

Twist tank valve off when lanterns not in use at night or during day
