## Norway Camp Orientation

### USFS/WAH Relationship

- WAH Special Use Permittee, Reserved Campsite, guests all pay 3% user fee
- Eagle Cap Wilderness Area Discussion, History, Proximity, Mining Claims
- Leave No Trace Microtrash candywrappers,

### SYSTEMS:

#### Hygiene

- **Handgel** on blue table; before grazing, touching water bins

#### Water

- Culinary Snow area North of Yurt
- Snowmelt system, purifier option, dispense from Orange Gott
- Hot water in green pot(show proper kettle tilt off woodstove)
- pick mug for trip
- hydration station w/ drink mixes

#### Bathrooms

- Pee Tree for urination, avoid random yellow snow
- Latrine, tp/**handgel** out there, NO garbage in hole only tp, ski pole occupied

#### Food

- food on blue table is game, don't forget **handgel**
- burn it or into white garbage bag. **NO foil in stove**

#### Tidy Quarters-

- Snow brush at doorway for brushing off, feet, snowy pack
- Hang drying gear from ring bolts(show how to use broom to hang gear)
- Wedge Boot Liners in rafters toward ring, hang skins out of way
- Shelves, cable hooks, boot shells out of the way
- Library location
- Firestarter demo for starting operating stove, **half inch cracked door**
- DON'T leave lantern on when not in Yurt, turn off at tank when not in use

**Sauna/Water Making:** always a little liquid to start snow melt in H2o jackets  
gather snow w/ stainlesssteel tubs, PT screen filter system
