Stantard Operating Procedures

Water: Gather snow from a-frame roofs in stainless steel rectangles. To melt snow use woodstove waterjackets(long shoebox lookin thing with hose bib) . Draw snowmelt via hose bib into kettle with Papertowel Screen. Then store in Orange Gott. Don't heat Waterjackets empty or let water freeze inside. Empty/wipe out Gott when leaving so as not to freeze. Store water in Kettles below spot.

Bathrooms: See map location. Throw ONLY TP in hole. Men find a pee-tree nearby. TP and Handgel out there. Use ski pole in trail to alert occupied.

Kitchen: Burn Paper Plates. Turn off Propane tanks when not in use. Galvanized Chick Pails for dishwashing only, soapwash/bleachrinse/airdry. Please strain dishwater of food particles. Stainless Steel Rectangles for water gathering only.

ReSupplies: Find paper products in totes. Use fire starter sticks, Start small kindling, No Yule logs. FEEDit DONT BANKit

The Almighty **Snow Brush:** Brush feet, pack, and friend off prior to entry. Take to bathroom for seat sweeping

Checkout Chores by 10AM: Done before going skiing last day. Stash stuff in Sauna for return exit.

Restock wood, tidy up, sweep out, all tents. Mauls live at wood shed

Empty waterjackets/Gott into kettles below spoutline, wipe out waterjackets/Gott/food coolers.

Pack out all trash or burn it. Don't feed the wildlife!
